This issue of the Current Awareness Bulletin has listed all acquisitions that have been received in the NSW Nurses’ Association Library for **October 2008**.

In addition the NSWNA Library over the last few months has been concentrating on retrospectively cataloguing a significant collection of material that was received before the implementation of the automated catalogue in 2001.

As a consequence, in this month’s issue of the Current Awareness Bulletin there has been a new section titled “**Monographs Historical**” that lists all the items pre-2000 that have been added to the catalogue for this period. Many of these items are unique to the NSWNA library and are now listed on the National Library of Australia Resource Sharing Catalogue **Libraries Australia** (website http://www.nla.gov.au/librariesaustralia)

Arrangement is alphabetical by title under **broad** subject headings.

All items are available for loan.

All new journals and newsletters can be accessed regularly via a distribution list.

Please advise a member of the Records and Information Centre Team if you wish to be placed on a distribution list to receive any of the journals or newsletters listed. A copy of the complete holdings of the NSWNA Journal Collection is available on request.

**PLEASE NOTE:**
**FOR YOUR CONVENIENCE THE FOLLOWING CONTENTS INDEX HAS AN ACTIVE LINK TO EACH SUBJECT**
