

THE QNU, NSWNMA and ANMF **ROBIN HOOD TAX TOUR**  
PRESENT A SPECIAL G20 EVENT:

# WHEN PROFITS COME FIRST the true impact of health care privatisation

With G20 leaders and delegates visiting Brisbane this month, now is the perfect time to highlight the importance of maintaining publicly funded health services.

Be the first to see new international research from Public Services International which strips back the lies and misinformation politicians and bureaucrats use to support their flawed arguments for privatisation.

So, join us at the QNU's head office on Thursday, 13 November as we turn the spotlight on the true impact of privatisation on health care and what it means for our patients, our community and our health workforce, and learn about some alternatives to ensuring quality public services.

**When:** Queensland Nurses' Union  
106 Victoria Street, West End

**When:** Thursday, 13 November 2014

**Time:** 10am - noon
