

KEEP OUR HOSPITAL PUBLIC!

PHOTO COURTESY OF GOULBURN POST

STOP THE AMERICANISATION OF PUBLIC HEALTH!

The Baird government is selling off Bowral hospital to the private sector. This has been done with no consultation, and we fear patients and staff will be worse off under a public-private partnership model.

This is a further step in the Americanisation of our health system – where patients pay more and health outcomes are worse.

Join us at a rally to protest the Americanisation of our health system. Send a message to the Baird government that we want our public hospitals in NSW to remain **PUBLIC!**

SAVE THE DATE

When: Sunday 30th October

Time: 2:45pm

Where: Assemble in Front of Bowral Hospital, Mona Road Bowral

Then march to Glebe park, Rally to commence 3pm
