Dear «Firstname»

Your conditions at work are STILL at RISK

Your employer still wants to cut your conditions. We've written to your CEO, Ross Peden, telling him it's **NOT OK!**

We also told Christadelphian Aged Care senior management they need to make a fair pay offer and address staffing issues.

It's important that everyone knows your conditions are still at risk. Take this letter and flyer to your workplace and share it with your nursing colleagues.

For more information please contact Ben Donnelly on 02 8595 1234.

Yours sincerely
