

NSW  
NURSES &  
MIDWIVES'  
ASSOCIATION

# CLIMATE CHANGE ACTION REFERENCE GROUP

**The NSW Nurses and Midwives' Association is seeking members to join the Climate Change Action Reference Group.**

The group will meet 4-6 times per year to discuss current issues and challenges the climate crisis has on the nursing and midwifery professions.

Meetings are held in a blended Zoom/face-to-face format to allow members to be involved regardless of geographical location.

Current NSWNMA members who work in, are involved with or have an interest in climate action are invited to join.

**Being a member of the Climate Change Action Reference Group gives you the opportunity to:**

-  **be a voice** for the climate issues impacting nurses, midwives and the profession
-  assist in the development and reviewing of **policies**
-  **be a link** between members and the Association

**MORE INFORMATION + EXPRESSION OF INTEREST**
