Definitions:

For the purposes of this Program:

- *'Employing organisation' refers to the mentee's usual place of employment.*
- *'Host facility' refers to the organisation where the mentee is placed to undertake the mentoring experience.*

Note:

Thank you for providing this information. We appreciate your time and interest in supporting inexperienced mental health nurses who are seeking to achieve their professional and employment goals for the betterment of mental health services in NSW.

Mentee applications are open until 31 March 2024. The matching process will be undertaken by the Program Steering Committee during April 2024. Successful applicants will be contacted and formally announced as Mentees following the matching process. Placements are expected to be undertaken between May and July 2024.

Following submission of the Mentor Details Forms, all potential Mentors will be contacted to discuss placements and the proposed arrangements in more detail once matching with the Mentees has been finalised.

Please note that the Program will accommodate up to 20 Mentee placements for up to 5 consecutive days. A significant number of experienced mental health nurses have expressed interest or have been nominated to be Mentors. The matching process will determine Mentors whose services are best able to provide a close match to the experiences sought by Mentees and will aim to equitably distribute Mentees across NSW to lessen the burden on services and build capacity of Mentors. We hope also to be able to place excess Mentors on a standby list to ensure all Mentees can be placed should placement availability change.

If you are experiencing any difficulties with completing the application or any part thereof, please contact the Program Team prior to the closing date, Sunday 31 March 2024

Appendix 3 - TERMS OF APPLICATION

Please refer to the accompanying Program Information Fact Sheet for a summary of the proposed mentoring arrangements.

- a) The Bob Fenwick Mentoring Grants Program is committed to equity and access principles and strives to ensure that the opportunity to apply for a grant is offered to anyone who is eligible and has demonstrated a need for professional development.
- b) Successful applicants will be required to sign a confidentiality statement, abide by their relevant professional code of conduct, EEO and WHS responsibilities and all relevant NSW Ministry of Health policies and procedures which apply in their employing organisation.
- c) Applicants will remain employees of their employing organisation and will maintain continuity and terms and conditions of employment during the placement. Sick leave or other leave taken during the placement will be covered and paid under that Mentee's entitlements with their employing organisation. Where sick leave is paid, the daily per diem rate supplied to the Mentee may be required to be reimbursed to the Program.
- d) Mentees will be required to develop a documented work plan in consultation with their Mentor prior to placement, keep a reflective journal during placement and must complete the baseline, end of placement and 2 month follow-up survey evaluation of their experiences in the time frames stipulated by the Program Manager.
- e) Mentees will be required to keep a reflective journal and must participate in a baseline, end of placement, and follow up evaluation of their experiences and to develop a documented work plan in consultation with their Mentor.
- f) Mentees must submit a 500-word written report or presentation outline to the Program Manager within 2 weeks of completion of the placement (refer 'End of Placement Written Report' (t), Page 10).
- g) Meeting eligibility does not automatically mean entitlement to a grant or a request for a specific specialty placement. All grant applications will be assessed as part of a competitive merit selection process. The circumstances that will be considered by the Steering Committee include (but are not limited to):
 - Is the applicant a nurse working in a public mental health service in NSW?
 - How long has the applicant worked in Mental Health (depending on application numbers, priority may be weighted to those with less than 2 years' experience)?
 - Location of service (depending on application numbers, priority may be weighted to those in rural and remote locations as defined by the Rural, Remote and Metropolitan Areas (RRMA) Classification).
 - If the applicant is a person from a culturally and linguistically diverse background or an Aboriginal or Torres Strait Islander.
 - Ability to undertake placement between May and July 2024.
 - The applicant's work experience, the need for the mentoring experience as a new worker, how the experience will contribute to the applicant's career goals and to the mental health service.
 - The applicant's demands of the work role or any other demonstrated need.
- h) Grants cannot be deferred. If a successful applicant cannot take up a grant that has been offered, then the grant to that applicant will be cancelled.
- i) If an offer is not taken up by a successful applicant, it will be offered to the next ranking applicant who was not initially successful.
- j) Successful applicants will be asked to confirm their acceptance in writing with endorsement from their usual Manager within 14 days of notification.
- k) Applicants who are not successful can re-apply for a grant if available in the future, as can applicants who have declined an offer.
- l) If an offer is accepted and taken up (fully or partially), the applicant will not be eligible to apply in future grant rounds.
- m) The placement period will be considered as study leave and the Mentee will not be automatically entitled to shift/weekend/public holiday penalty allowances during the placement (unless negotiated by the Mentee with their Manager prior to commencement).
- n) Mentors and their Managers will be notified of the mentee matched to their service and contact details provided.
- o) Successful Mentee applicants must initiate communication and commence negotiation of mutually agreeable placement dates, times, etc. with their respective Mentor as soon as they receive written notification of their successful application. Failure to initiate contact by the mentee within 1 week of written notification may result in withdrawal of the grant.

PRIVACY

- p) The Bob Fenwick Mentoring Grants Program is committed to upholding and abiding by State and National Privacy Principles. All personal information held remains confidential and protected and is only used and disclosed to the extent necessary for the processing, implementation, and promotion of the grants.

ATTENDANCE, GRIEVANCE AND COMPLAINTS HANDLING

- q) Grievances and complaints arising from the conduct of the grants will be handled according to NSW Health Resolving Workplace Grievances Policy and Procedures and Complaint Management Policy. During placement, the Mentee is supernumerary at the host organisation. Consequently, grievances and complaints will be handled by the employing organisation not the host organisation. In such circumstances, the host organisation will have a responsibility to refer non-attendance, grievances, or complaints to the Mentee's usual Manager and to notify the Program Manager.

NO FAULT WITHDRAWAL

- r) Should a successful applicant need to withdraw after accepting the grant, they should discuss this with the Program Manager who will consult with the Program Steering Committee. 'No fault' provisions will apply. However, that applicant will be ineligible to apply for future grants from this source if they have partially completed the placement.

MENTOR REQUIREMENTS

- s) Mentors are required to be experienced registered nurses/clinicians working in public mental health services in New South Wales.

APPEALS

- t) If you believe that the decision made about your application was unfair, you have the right to ask for the decision to be reviewed. To lodge an appeal against a grant assessment decision, you must have been assessed as not eligible for a grant or not successful for a grant place in the current round. Appeals should be lodged in writing to the Program Manager (Bob Fenwick Mentoring Grants Program, 50 O'Dea Avenue, Waterloo, NSW, 2017).

UNSUCCESSFUL APPLICANTS

- u) If your application was not successful for a grant place in the current round, your application may be placed on an eligibility list and / or carried forward to the next round if the Program Steering Committee deems this acceptable (also dependent on funding availability for the next round).

WORK PLAN

- v) Each mentee is required to develop a documented work plan in consultation with their mentor prior to the first morning of placement.
- Mentors are requested to fax, or scan and email a copy of the work plan to the Program Manager on the contact details provided in this document.
 - A work plan template will be provided.

END OF PLACEMENT WRITTEN REPORT

- w) All mentees **must provide** the Program Manager with a **written report of 500 words**, outlining their placement experiences, how these contributed to their professional development and positively impacted their workplace **within 2 weeks following placement**.
